ANNOUNCEMENT OF LEGAL INTEGRATION MEASURES REGARDING EWELLIX ENTITIES

18.08.2025

Dear valued Supplier,

As you surely know, Ewellix AB has been acquired by Schaeffler Group in January 2023. Consequently, all subsidiaries of Ewellix became (direct or indirect) subsidiaries of Schaeffler AG.

We are currently in the process of integrating the Ewellix companies into the Schaeffler Group. Our goal is to consolidate and streamline the existing legal structures in those countries where Schaeffler and Ewellix previously operated separately.

With this letter, we would like to inform you about our first steps of legal integration:

> **With effect of 1 January 2026, we plan to merge and Ewellix France S.A.S. into Schaeffler France S.A.S. The corresponding information changed can be found in annex 1.**

Please be assured that our commitment as a trusted customer will remain unchanged by the aforementioned measures.

In case of questions please get back to your known counterpart.

Sincerely,

Mathias Pütz
Head of PSSM

Kerstin Dickert
Head of PSSM – Strategy and Market Intelligence

Annex 1
